Our Defining Statement: Kiwanis is A Global Organization of Volunteers Dedicated to Changing the World One Child and One Community at a Time, and whose Mission it is to Serve the Children of the World

The Objects of Kiwanis:

TO give primacy to the human and spiritual rather than to the material values of life.

TO encourage the daily living of the Golden Rule in all human relationships.

To promote the adoption and the application of higher social, business, and professional standards.

TO develop, by precept and example, a more intelligent, aggressive and serviceable citizenship

TO provide, through Kiwanis clubs, a practical means to form enduring friendships, to render altruistic service, and to build better communities.

TO cooperate in creating and maintaining that sound public opinion and high idealism which make possible the increase of righteousness, justice, patriotism, and goodwill.

President's Corner

Here it is almost the end of July and I'm sure you're wondering where the last 6 months have gone. Well, we've all been busy with Pawndemonium, baskets for Mission Hospital at Easter, the Race, and through the school year Spelling Bee's, Terrific Kids, and our Bike Program. We've been busy, and now we have more to look forward to. The Book Bags are bought; the supplies are already at the Boys and Girls Club thanks to Steve, Tony, Craig, Ned and myself. Trucks and cars were filled to capacity, and with the help of some teen we were able to get all the supplies on Friday. Now we will all get to help with the filling of those Book Bags on the 13th of August, so put that on your calendar now.

This weekend we have the Bele Chere Parking to help in Fund Raising, and we hope you'll sign up for that. All the money we've made in our Fund Raising this last 10 months will help Cindy in her Presidential year to continue with all our projects.

Rita Morrison and I went to the Arboretum last week and she has selected a perfect spot with the perfect bench that will be placed in Jerry's honor. We will plan on going on a Tuesday in August or September, so that everyone can see what a beautiful spot it is.

Everyone take care and see you soon. Bunny

Thanks to Gregg Stamey for great programs in July finishing up with Jason Boyer, Chief Meteorologist of WLOS TV News 13. This was the second presentation we received from Jason and are always pleased what we learn about our local weather. One of the things we found out unfortunately is it will be a while before our weather will cool off.
